Work Experience

Jun 2016 – Present

Founder & CEO

Pagon Technologies Pvt Ltd. – Hyderabad T-Hub, TG

With the aim of understanding complete software development cycle and product design, designed and developed “**Pagon Vehicle Tracking System**” to solve problems faced by Fleet Owners and Logistic Companies.

With a friend founded “**Pagon Technologies Pvt Ltd**” a tech startup based on GPS and GSM tracking. This helped me to learn about functioning of an organization and challenges in it.

Currently I lead a team of 6 members working on projects from multiple clients in various domains.

I have acquired experience in Product Design, Database Design(MySql/MongoDb) and Development, Material Design, HTML, CSS, Javascript, AngularJs, SPA, Hybrid App Development, GCloud Compute Engine, AWS, Amazon S3 etc. I have experience of developing multiple applications from scratch, deploying, maintaining and monitoring them.

Know more and have a look at my work – <http://anilkusuma.com>

Jun 2014 – Jun 2016

Application Engineer

Oracle India Pvt Ltd– Hyderabad, TG

Joined as a fresher in Oracle India Pvt Ltd, and quickly progressed to handle multiple projects.

Moved into SOA Team, which helped to learn and master new and trending technology SOA. Hands-on experience on all SOA components, SOAP and REST web service calls.

Worked on ORACLE iconic projects – Expenses, Invoices, Revenue Management, Credit Memos and Cash Balances with full and detailed understanding of each product functional design and technical aspects.

One year of experience working on Oracle B2B.

Dec 2013 – Jan 2014

Internship

BSNL (Bharath Sanchar Nigam Limited)– Hyderabad, TG

Two months’ internship training in BSNL, one of the India’s top government sector company in tele-communication sector.
